## SAFETY DATA SHEET

according to Regulation (EC) No. 1907/2006

### 1. Identification of the substance and of the company

#### 1.1. Product identifiers

**Product name:** Coumaroyl-L-Lactate

**Synonyms:** (S,E)-2-((3-(4-hydroxyphenyl)acryloyl)oxy)propanoic acid

**SMILES:** OC1=CC=C(/C=C/C(O[C@H](C(O)=O)C)=O)C=C1

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

**Identified use:** Laboratory chemicals, manufacture of substances.

#### 1.3. Details of the supplier of the safety data sheet

See header

#### 1.4. Emergency telephone number

I.N.R.S.: (33) (0)1 40 44 30 00

### 2. Hazards identification

#### 2.1. Classification of the substance or mixture

GHS07

#### 2.2. Label elements

H303: May be harmful if swallowed.

H313: May be harmful in contact with skin.

H335: May cause respiratory irritation.

P261: Avoid breathing dust/fume/gas/mist/vapours/spray.

P264: Wash hands thoroughly after handling.

P271: Use only outdoors or in a well-ventilated area.

P280: Wear protective equipment.

P302 + P352: IF ON SKIN: Wash with plenty of water.

P305 + P351 + P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

### **2.3. Other hazards**

No data available

## **3. Composition/information on ingredients**

---

### **3.1. Substances**

**Formula:** C<sub>12</sub>H<sub>12</sub>O<sub>5</sub>

**Molecular weight (g/mol):** 236.22

**CAS number:** 2982643-06-9

**EC number:** No data available

| Component                                              | Concentration |
|--------------------------------------------------------|---------------|
| <b>Coumaroyl-L-Lactate</b>                             |               |
| CAS number 2982643-06-9<br>EC number No data available | > 95%         |

## **4. First aid measures**

---

### **4.1. Description of first aid measures**

#### **General advice**

Show this safety data sheet to the doctor in attendance.

#### **If Inhaled**

Carry the individual out of the contaminated zone. Obtain medical advice if breathing becomes difficult.

#### **If swallowed**

Do NOT induce vomiting unless directed to do so by medical personnel. Rinse mouth with water and obtain medical advice immediately.

#### **In case of skin contact**

Remove contaminated clothing. Wash skin with plenty of soap and water for at least 15 minutes.

#### **In case of eye contact**

Flush immediately with water for at least 15 minutes, then seek medical attention.

### **4.2. Most important symptoms and effects, both acute and delayed**

The most important known symptoms and effects are described in section 2.2.

### **4.3. Indication of any immediate medical attention and special treatment needed**

No data available

## **5. Firefighting measures**

---

### **5.1. Extinguishing media**

#### **Suitable extinguishing media**

In the event of a fire involving this material, use carbon dioxide, dry chemical spray or alcohol-resistant chemical foam.

#### **Unsuitable extinguishing media**

A solid stream of water may be inefficient.

### **5.2. Special hazards arising from the substance or mixture**

Carbon oxides and combustible products; hazardous combustion gases or vapors may develop in the event of fire.

### **5.3. Advice for firefighters**

#### **Special protective equipment for firefighters**

Self-contained breathing apparatus may be necessary.

### **5.4. Further information**

Remove containers from the danger zone and cool with water. Suppress gases, vapors or mists with a water spray. Prevent fire-extinguishing water from contaminating surface water or the groundwater system.

## **6. Accidental release measures**

---

### **6.1. Personal precautions**

Avoid the formation of dust and provide adequate ventilation. Wear appropriate personal protective equipment.

### **6.2. Environmental precautions**

Do not allow material to enter drains or watercourses, or to contaminate soil.

### **6.3. Methods for cleaning up**

Sweep and collect with a shovel. Transfer to a chemical waste container for disposal in accordance with local regulations.

### **6.4. Reference to other sections**

For disposal, see section 13.

## **7. Handling & storage**

---

### **7.1. Handling**

#### **Advice on safe handling**

This material should only be handled by persons suitably qualified and competent in the handling of potentially hazardous chemicals. Its toxicological and physiological properties are not known; all staff should therefore observe normal chemical hygiene precautions.

#### **Advice on protection against fire and explosion**

No data available

#### **Hygiene measures**

No data available

### **7.2. Conditions of safe storage**

#### **Storage conditions**

Keep tightly closed. Protect from moisture.

### **7.3. Specific end use(s)**

Apart from the uses mentioned in section 1.2, no other specific uses are stipulated.

## **8. Exposure controls & personal protection**

---

URD ABI is not aware of any national or international exposure limit for this material.

### **8.1. Exposure controls – Personal protective equipment**

#### **Respiratory protection**

This material may be powdery. Respiratory protection is not required when handling small quantities under ambient conditions. Handle larger quantities with respiratory protection and/or under an approved fume hood.

#### **Hand protection**

Wear gloves that are impermeable to the material.

#### **Eye protection**

Wear approved safety spectacles when handling small quantities and a full-face shield for larger quantities.

#### **Skin protection**

Wear appropriate protective clothing to prevent skin exposure.

## **9. Physical and chemical properties**

---

### **9.1. Information on basic physical and chemical properties**

**Purity (%):** > 95%

**Physical state:** Solid

**Appearance:** Powder

**Color:** White

**Odor:** No data available

**pH:** No data available

**LogP:** No data available

**Vapor pressure:** No data available

**Density:** No data available

**Melting point (°C):** 148 - 150

**Boiling point (°C):** No data available

**Decomposition point (°C):** No data available

**Flash point (°C):** No data available

**Auto ignition (°C):** No data available

**Explosion limits (°C):** No data available

**Solubility:** Organic solvents

**Refractive index:** No data available

## **10. Stability and reactivity**

---

### **10.1. Reactivity**

No data available

### **10.2. Chemical Stability:**

Chemically stable under standard ambient conditions.

### **10.3. Possibility of hazardous reactions**

May react with bases.

### **10.4. Conditions to avoid**

No data available

### **10.5. Materials to avoid**

Strong oxidizing agents, strong bases.

### **10.6. Hazardous decomposition products**

No data available

## 11. Toxicological information

---

### 11.1. Information on toxicological effects

#### **Acute toxicity**

No data available

#### **Skin corrosion**

No data available

#### **Serious eye damage**

No data available

#### **Sensitization**

No data available

#### **Mutagenicity**

No data available

#### **Carcinogenicity**

No data available

#### **Reproductive toxicity**

No data available

#### **Specific target organ toxicity**

No data available

## 12. Ecological information

---

### 12.1. Toxicity

No data available

### 12.2. Persistence and degradability

No data available

### 12.3. Bioaccumulative potential

No data available

### 12.4. Mobility in soil

No data available

### 12.5. Results of PBT and vPvB assessment

No data available

### 12.6. Endocrine disrupting properties

No data available

### 12.7. Other adverse effects

No data available

## 13. Disposal considerations

---

### 13.1. Product

Waste materials should be collected and disposed of by a licensed disposal contractor.

### 13.2. Contaminated packaging

Dispose of contaminated packaging as the product.

## 14. Transport information

---

### 14.1. UN number

ADR/RID: No data available    IMDG: No data available    IATA: No data available

### 14.2. UN proper shipping name

ADR/RID: Not dangerous goods    IMDG: Not dangerous goods    IATA: Not dangerous goods

### 14.3. Transport hazard class(es)

ADR/RID: No data available    IMDG: No data available    IATA: No data available

### 14.4. Packaging group

ADR/RID: No data available    IMDG: No data available    IATA: No data available

### 14.5. Environmental hazards

ADR/RID : No    IMDG : No    IATA : No

### 14.6. Special precautions for user

No data available

### 14.7. Maritime transport in bulk according to IMO instruments

No data available

## 15. Regulatory information

---

### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

URD ABI is not aware of any national or international regulations concerning this compound.

### 15.2. Chemical safety assessment

No chemical safety assessment has been carried out for this product.

## 16. Other information

---

URD ABI believes the above information to be correct but does not claim that it is comprehensive. It is provided solely as a guide to appropriate safety precautions and is based on the present state of URD ABI's knowledge. It does not constitute any guarantee of the properties of the product. URD ABI shall not be held liable for damage resulting from handling or contact with the above product.
